

Hudson Community Foundation impacts the lives of every resident, every day. We do this by granting dollars to organizations that make the biggest impacts in our community, and by guiding and facilitating the giving of Hudson's most charitable minded families, individuals and organizations. We exist not to support a single organization, but to address the broadest range of charitable issues and civic initiatives. From our treasured historical buildings to our outstanding student programs; from our social service causes to our cultural achievements - wherever you look, you will find Hudson Community Foundation.

COMMUNITY IMPACT

Since our founding, we have supported more than 40 organizations who are doing the hard but meaningful work that makes us a better community. From programs that support mental wellness in our schools to raising dollars for our local foodbank; from preserving our architectural heritage, to promoting arts and culture. We have been here - with one purpose - to create an extraordinary community for Hudsonites, now and into the future. Specifically, our grants are dedicated to:

COMMUNITY PHILANTHROPY

The desire to give-back is strong in Hudson. But it's not always easy.

In addition to the impact we make through direct giving, we help to guide and facilitate the philanthropy of others. Charitable-minded individuals, families and organizations give through Hudson Community Foundation utilizing one of our established funds, such as the Now & Forever funds, Prevention and Addiction fund, etc... Or they create simple family foundations or customized funds in the name of a loved one. Finally, individuals give to any charity of their choosing, here or outside of Hudson, via Donor Advised Funds (DAFs). In every case - their dollars go further because all fees stay here in Hudson, supporting our outstanding local organizations.
